

# HP Concrete

## Fast Setting Products

### Fast Setting Concrete Mix

HP Concrete Mix is a single component, high early strength concrete designed for use in repairing parking decks, balconies, highways, bridge decks, runways, elevated concrete slabs and slabs on grade. HP Concrete Mix combines the latest concrete technologies and high quality raw materials, including an *integral corrosion inhibitor*, to yield a long lasting, high strength, durable concrete repair anywhere long down times cannot be tolerated.

HP Concrete Mix can be used on:

Highway Bridge Decks

Concrete Slabs on Grade

Airport Runways

Parking Decks

Elevated Concrete Slabs

Advantages:

- High early compressive strength
- Excellent workability
- Easy mixing and placement
- Fully cured in less than 2 hours
- Shrinkage compensated
- Excellent finishing characteristics
- Excellent bond to Concrete substrates
